

# TS 1.3 Product list

## TS 1.3

Version EN: July 2020 **Final Draft**

**GMP+ Feed Certification scheme 2020**

## Welcome

This Feed Certification Scheme document helps you to provide feed safety worldwide. By meeting the requirements set by GMP+ International together with our GMP+ Community, we aim to help you get the feed certification you need. Please read the information in this document carefully.

Let's make this work together!

## 1. Product list

The GMP+ certified company may only use feed materials that have been assessed and accepted for use in feed by GMP+ International. This document, the Product list, is the list of accepted feed materials that can be produced and traded within the GMP+ certified chain.

Each feed material that is produced and/or purchased within the GMP+ certified chain must be:

- included in the Product list, and
- produced in accordance with the generic process descriptions in the Risk Assessments in the Feed Support Products (FSP).

To consult the Product list click [here](#).
